Note: 1/2 and 3/4 ton trucks — The usual gross vehicle weight (GVW) selected is 7,000 lbs. However, **if the gross vehicle weight rating by the manufacturer (GVWR) is above 7,000 lbs., a GVW of 10,000 lbs. may be selected.** A 1/2 or 3/4 ton truck cannot be raised above 10,000 lbs. GVW. The letters “SP” will be entered in the exception field on the registration to indicate a 1/2 or 3/4 ton truck raised to its maximum weight of 10,000 lbs.

This form may be submitted on all used truck transactions where the certificate of origin is not available for weight verification.
